Moody Bible Institute/ Theological Seminary Faculty lists – Proof that Half of Moody Faculty does not believe or obey the Word of God:

The names with a short bio here are in four categories – Jesuits (Part One), Psychology Jesuits (Part Two), Spiritual Formation Jesuits (Part Two), Ecumenical (not known to be Jesuit) (Part Two). The list involves about half of all faculty (three are/were also Moody Church pastors) at Moody Bible Institute and Theological Seminary. Since we are not getting our information from people at Moody, some faculty positions, status, etc. may be a little out of date.

We have spent many hours doing a thorough study on each of the professors and faculty at MBI. You already know that the education of a young person has a strong influence on the direction of that person's life: their philosophy, their life's message, and the things they try to accomplish. Jesus warned very strongly about false teachers, and Jesus' holy apostles spoke strongly against false teachers. Our research looks closely at the college education of the professors and staff. Many decades ago the Roman Catholic church had meetings about how to destroy MBI and Dwight Moody's Northfield hometown schools. They were able to destroy Northfield-Mount Hermon a long time ago. They killed someone who seems to have been an honorable Dean at Mount Hermon in 1934 and infiltrated the staff and leadership until they started a complete overthrow of it in 1970 by removing Chapel services and joining the boys and girls on one campus which led to lots more changes. Now Northfield is a shameful enemy of God. The Roman Catholic church had to destroy MBI Chicago at a slower pace for several reasons which should be discussed at another time. We have written a thorough report about their destruction of Northfield-Mount Hermon to which we are providing a link:

Many Christians have never studied the seriousness of shipwrecked faith, also called apostasy. We need to establish God's righteous judgments before we give you lists of MBI leaders and their education. A five year old baby can't be a leader; they have no idea what to do. As a person grows up they learn things that shape their direction; and what they learn moves them to make many choices and decisions. The best years of opportunity for God to reach someone is during the heart of a child. That is why the devil has overthrown the education in America; the devil knows how to ruin people. The devil and his demons have thousands of years of practice at ruining people.

The fall of a person starts with their conscience. Romans 1:18-32 (and many passages of Scripture) explains that God speaks to every person. The more they decide to do evil, the more God opposes their direction and they can't get into the evil they want to do. At a certain point the rebel discovers that God is opposing their evil desires. That is the turning point in their life; either they start learning God's righteousness, or they decide to become evil and reject God. They "suppress the truth in unrighteousness, because what may be known of God is manifest in them, for God has shown it to them...". They know some important truths about God's right and wrong, but they decide to go wrong "because, although they knew God, they did not glorify Him as God...". That is when that rebel looks for philosophies that remove God from reality, like evolution or theistic evolution, and their rules for guidance become human-centered psychology without/against God. Psychology has removed any references to the Almighty and All Powerful God who is the Creator of everything.

What happens to an evil rebel? "Their foolish hearts were darkened. Professing to be wise, they became fools". By rejecting Holy God, they start following lies and fiction. The judgment in Romans 1:18-23 describes what God does with that person who decided to become evil. If they don't become shocked at their foolishness, God finally allows them to charge in the direction they are going toward evil by reducing His involvement/hindrances: "God also gave them up to uncleanness, in the lusts of their hearts, to dishonor their bodies among themselves". Why? Because they "exchanged the truth of God for the lie". If you haven't studied Romans 1:18-32 lately, please do because that will help you understand what went wrong inside the mind of almost all of the people listed in this document. Almost everyone listed in this document had a turning point to become evil against God; many times those wrong decisions were made in their teenage years. If not in their teen years, then many more were made in their college years. Each one of them discovered that the college they were going to was contradicting what they knew about Holy God, and teaching them anti-God philosophies. But they didn't quit and leave that evil. Instead they stayed there and made sure they got good grades as their conscience became darker and darker. They became evil, but they didn't stop there.

When an evil rebel decides to infiltrate God's work to destroy it from within they stepped into deeper darker evil. That is what we are accusing nearly all of the people we have listed of doing to Moody Bible Institute/Seminary. Maybe some of them can repent, but probably not. If any of them truly repent they will be testifying against the evil they know and participated in. Anything less than actively exposing and opposing evil deeds when they "repent" is only a slick trick; those people are slick tricksters. Now we need to look at the Bible verses describing shipwrecked faith and apostasy. There are so many verses of apostate temple leaders plotting to destroy Jesus. You should study those people to see how apostates behave; what they do to pretend they are good, what they do to get their approval from others like them, and how they plan to attack righteousness to destroy God's ways. But that is not our focus in this report. Don't get stuck on the Jewish aspect of the example of scribes and Pharisees; look deeper to the root of the temple-ruler's hearts. They hated Jesus and so their evil comes with predictable actions. It wasn't a Jewish problem; they are an example of how evil people act inspired by demons.

We already talked about human-centered psychology without/against God. Even if they insert the word God in their text a few times, it doesn't change their systematic philosophy of rejecting Biblical Christianity. Holy God is Creator, He opposes the sins of man, and God is recording everything. The "books were opened" Rev. 20:11-15; "And they were judged, each one according to his works... this is the second death."

Many of the MBI staff got some of their training from Catholic institutions. The Roman Catholic "Church" in the 1500's tried to switch from murdering the Christians to attempting to overtake and infiltrate Protestants which has been going on for 5 centuries now. They learned that they must try to sound like Protestants to get any progress. Those Catholic colleges train their students to sound like us and use our words while teaching and leading by example with their Catholic definitions. But they also then teach their students how to disguise their true definitions and intentions (which usually center around gaining power/followers for the Jesuits/Pope and the Roman system of doing things in the world) so they don't get caught. Holy God described the Roman Catholic "Church" through Paul in 1st Timothy 4:1-3 "The Holy Spirit expressly says that in the latter times some will depart from the faith, giving heed to deceiving spirits and doctrines of demons, speaking lies in hypocrisy, having their own conscience seared with a hot iron..." The Holy Spirit knew how bad the Roman system would become against the church for more than 17 centuries now and emphasized – "expressly says" – on the future Catholic "Church" problem. Holy God says their religion comes from "deceiving spirits" and their teaching is "doctrines of demons, speaking lies in hypocrisy". And the people who are trained in their education are "having their own conscience seared with a hot iron". We talked about a young person making decisions; many of the people on this list got their training from Roman Catholic institutions. Those schools are known for their false teaching and sexual activities. If any of the persons we listed were a Christian they would have left those colleges. And instead they become accomplices to cover each other's sins. Each person on this list quickly realized what their Catholic college was like. They noticed the evil teaching; and they

noticed the sexual perversion. When they stayed there they accepted themselves becoming evil. Their education made them evil and they knew it, but they didn't leave, they didn't quit. Not only did they stay at those evil colleges but they made sure they got high grades. They didn't leave because their goal was not to please Holy God, but they wanted evil desires. When this report gets noticed, maybe some of them will pretend they are good, but the Word of God convicts their evil deeds.

We have examined enough of the evil education of the Roman Catholic "Church" and human-centered psychology without/against God. Evil people do not openly admit they have become evil. No, we have discovered through the years that they pretty much always pretend to be honest people and "true friends" and messengers of light as described so well in 2nd Corinthians 11:14. So do not be fooled by any of them talking about how good they are. They studied evil because they love evil. Remember that true repentance would require humility and strongly opposing what they once partook in. But most people like this who "repent" just find a different way of expressing the evil in their hearts, since they got caught the other way. We believe the context of 2nd Timothy 3:1-9 is God's instruction about false religious leaders who without exception are "lovers of themselves, lovers of money, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, unloving, unforgiving, slanderers, without self control, brutal, despisers of good, traitors, headstrong, haughty, lovers of pleasure rather than lovers of God...". Those evil rebels on this list are like the Bible describes; each person is different – some characteristics show more than other characteristics. The words "lovers of money" doesn't say they are making lots of money at MBI. God is saying that their wayward heart loves money rather than God. That passage also listed different ways they are gratifying their sin nature. Most rebels don't love money as paper or coin money; they love the pleasures of this world that money helps them get. The Word of God is true; don't let their slick explanations trick you to believing they are OK. Maybe they can say something good about their outward actions, but God's Word proves their heart is disobedient, hardened, and seeking to do evil to MBI.

The Word of God teaches even more about those evil rebels in 2nd Peter. "There will be false teachers among you, who will secretly bring in destructive heresies". The evil leaders trying to destroy MBI are introducing "destructive heresies" and casting doubt on the truthfulness of God's Word (which has become a pattern of problems in almost all seminaries and Bible institutes). They deny God's authority in their life – "even denying the Lord who bought them, and bring on themselves swift destruction." False teachers decided to love the sins of this world instead of God's righteousness. "And many will follow their destructive ways, because of whom the way of truth will be blasphemed." God says those false teachers love "covetousness" – don't over simplify that word, because "covetousness" is more than money. They want to use money to get the pleasures of this sinful world. "By covetousness they will exploit you with deceptive words". God's Word says they use "deceptive words". Their "deceptive words" can be found and caught. Those

rebels didn't want the goodness of Holy God; they took the path they are on because they wanted "the corruption that is in the world through lust." 2nd Peter 1:4.

There are more points in 2nd Peter 2 that describe those who are trying to destroy MBI, but we want to look at the next subject in 2nd Peter 2:18-22. Those leaders trying to take over MBI "speak great swelling words of emptiness". They are good at picking the right words to entice pride. They also "allure through the lusts of the flesh, through lewdness" God's Word says false teachers use human self-seeking interests and even sensual talk. There are sexual sins being allowed at MBI. The reports we hear fit with what God's Word says about them. The sad part is those evil leaders are hurting some of the students "who have actually escaped from those who live in error." They are good at words – "they promise them liberty" and freedom, knowledge, and ability to follow Christ honestly in America and in the world, but those evil leaders "are slaves of corruption". And they want to make the students "slaves of corruption... brought into bondage". Then Peter gives one of the greatest warnings; "if, after they have escaped the pollutions of the world through the knowledge of the Lord and Savior Jesus Christ, they are again entangled in them and overcome, the latter end is worse for them than the beginning. For it would be better for them not to have known the way of righteousness, than having known it, to turn from the holy commandment delivered to them."

We hope Christians will keep sending their Christian sons and daughters to MBI while the overthrow is happening (which God is forcing to turn instead into a restoration process), but they need to make sure their kids are looking for the evil tricks of every one of those false teachers. Read through chapter 2 of 2nd Peter and see how many times God makes it clear that those evil people will be punished. "...for a long time their judgment has not been idle... the Lord knows how... to reserve the unjust under punishment for the day of judgment, and especially those who walk according to the flesh in the lust of uncleanness, and despise God's authority... like brute beasts made to be caught and destroyed... and will utterly perish in their own corruption, and will receive the wages of unrighteousness... for whom is reserved the blackness of darkness forever..." There is also a great promise in there for us to be rescued in the midst of such blatant apostasy and evil – "then the Lord knows how to deliver the godly out of temptations".

Jude gives many of the same warnings; he tried very hard to instruct Christians "to contend earnestly for the faith". God allowed him two sentences on that, but then God directed him to teach that "certain men have crept in unnoticed, who long ago were marked out for this condemnation, ungodly men who turn the grace of God into lewdness and deny the authority of the only Lord God and our Lord Jesus Christ." They creep in unnoticed. Did you see how they snuck in Mark Jobe? It was a three or four stage attack – 1. Jobe joined Erwin Lutzer and Joseph Stowell in the G11 pastors network for training, 2. Jobe spoke 2013 and 2016 at both The Moody Church and Moody Bible Institute's biggest Conferences, 3. the Jesuit invaders had Jesuit Psychologist Paul Maxwell (who in the past was Teaching Assistant to Dr. Marcus Johnson and Brian Kammerzelt at Moody and to

Kevin J. Vanhoozer at Jesuit-led Trinity Evangelical as well as having spent a year of doctoral research in religious trauma at Mormon Brigham Young University and University of Utah, member of) in September 2018 do a tell – a satanic prediction – on what evil things they want to do to MBI. Then they bring in a Mega-apostate to take those actions. Both 2nd Peter and Jude warn that Holy God will judge the fallen angels.

In Jude 1:7 is another reminder that false teachers “have given themselves over to sexual immorality”. God's Word says those false teachers allow and bring in sexual sins. There must be large problems at MBI with sexual sins. A note for those who pray for MBI, you can get powerful answers to prayer when you cry out to God against those sexually perverted MBI staff.

Jude 1:16-19 These are grumblers, complainers, walking according to their own lusts”. Those judgments must be true, because God knows false teachers and describes them. “And they mouth great swelling words, flattering people to gain advantage”. They use flattery to gain approval, and control over the weak. “These are sensual persons, who cause divisions, not having the Holy Spirit.” God says those apostates are the ones who cause division, but they try to accuse those who stand against evil as if they are wrong.

We believe that all of these faculty should be removed from campus. We believe that all of these people are certainly so intent on evil and have made so many demonic agreements that they will continue to destroy spiritual work if left in position. We believe that many of these faculty are so against God that **their heart cannot ever find repentance** as Judas could not after betraying Jesus (Matthew 27:3-10; John 17:12; Matthew 26:21-25). Anyone from these lists who is able to repent in the future is not going to be able to do so while being friends with the people in this overthrow operation, and it will take many years for that process of repentance to happen but either way **they should not be a teacher. God will give His people wisdom** to call for repentance among whoever is left after these people are gone and see if there are faculty at Moody who are children of God who are able to receive correction and discipline from God (Hebrews 12 and especially verses 5-17). We should weep over the losses in spiritual work because of hardness of heart and sin and ask God for the chance to purify His family and remove imposters/infiltrators/traitors in a way that will honor His Name again and strengthen the work of Bible study and pro-Jewish (not Kabbalistic or one-world government) Christian community and international gospel work for His glory and for the saving of lost souls. Those faculty who end up finally rejecting this correction are under the judgment of God already (John 3:18-21) – they were never children of God by faith in Jesus (John 10 especially verses 7-14); they are false ministers of light (2 Corinthians 11 especially verses 12-15) who serve the works of the devil and their selfish interests (Jude especially verses 4 and 11-23). They are imposters and deceivers (Matthew 23 especially verses 13-15) who want to control Christians (Galatians 1:7-10; 2:4-6; 3:1-6) and to capture unstable souls (2 Peter especially 2:1-3 and 9 and 12-22) and most especially (their true motivation if they refuse correction) continue giving approval for sins they want to see continue in the

world (2 Timothy 3:1-9 and especially notice God's promise in verse 9 that they will progress no further and their folly will be manifest/shown to all).

The four categories in this report are -

>> 1. Jesuits:

The first list is Jesuits by **education** and/or by offering **authority** over "Protestants" and "Evangelicals" **to Vatican "Church Fathers" and Popes, Cardinals, or Jesuits** as if they were respectable, Christ-honoring spiritual teachers, and/or by **leading interfaith dialogue** which is directed by the Vatican Jesuits worldwide.

>> 2. Psychologists/Counselors:

The second list is all Psychologists/Counselors at Moody (most of them are also Jesuit educated and we explained above why that happens). The history and philosophy behind "Christian" human-centered psychology without/against God (which filters heavily into counseling as well unfortunately) is built on **avoiding calling anything sin**, avoiding convicting a patient of **intentional** acts of sin and their **evil heart-motivations** which led to it, and treats us sinners as **merely victims** of an abusive system that they **blame God** for having created which they believe causes people to seek "natural desires" that God isn't fulfilling. In other words, it's all backwards. In addition, psychology is meant to abuse followers of Christ and children and young people who do **question people's motives and thoughts** that caused them to commit the sins and abuses. It is **even more harsh** on people who actually **warn others** about people who are living in intentional sin (at least protected categories) and who are abusing others or **forcing their sin and sin's consequences** onto other people in the process. It also confuses and twists the thoughts of unbelievers **who are trying to consider repenting** of their evil heart. The end purpose of psychology acts as a network of **Gatekeepers** who only allow Jesuits and Freemasons into literally all positions of authority nation-wide (spiritual, educational, media, governmental, and all positions of honor as much as possible) in a Protestant nation, which America is. In any Protestant country where the Jesuits operate since the 1500's, these are the categories they control with an absolute grip and they keep it through **partnership with Freemasons** who primarily control all business networks (many small businesses and all the way to global corporate level) and religions and almost all churches, mega or small.

>> 3. Jesuits teaching fake Spiritual Formation:

The third list is Jesuits in Spiritual Formation (a system based on the Jesuit Spiritual Exercises written by Jesuit founder Ignatius de Loyola) – which is the Protestant disguise for the Catholic process of education that we described above of producing leaders with the **appearance of spiritual maturity**, bypassing/rejecting the gospel and maturity process work of the Holy Spirit convicting of sin to reach true maturity **having our senses trained to discern good from evil as defined so well in the Scriptures in Hebrews 5:11-14**. Instead, the purpose of Spiritual Formation is identical to the purpose of **secular atheistic humanism (also known as American satanism)** – to produce mature, moralistic, "trust-worthy" people without needing God anywhere in the process. But these people can also pretend to be following Christ (when socially necessary, which false Christian leaders and Jesuits must do) if they are raised from a child to know Christian terminology and have mental knowledge of many aspects of Christian life and doctrine and history from the Bible. (more in William Thrasher bio)

>> 4. Ecumenical partners not known to be Jesuit:

The fourth list is faculty members of ecumenical societies and/or speaking partners and co-authors with known ecumenical leaders, which involves Jesuit faculty also, so we'll explain.

The term "ecumenical" is very poorly defined in America – there are **three levels** of the ecumenical program of the Vatican overthrow of Christianity.

The first step required Rome and their Freemason partners to cause **extreme divisiveness** and constant church splits and setting up of lists of denominations and creating severe familial and cultural and racial divides additionally to make communication and community weakened until there is seemingly no hope of restoring a collective Christian community without Vatican help. That is step one which happened in America almost from the moment Christians arrived alongside Deists and Freemasons and Episcopalians. It peaked in the late 1900's.

Step two began on the heels of World War 2 – keeping the common people divided and ignorant while creating ultra-secret **partnerships** between the Freemasons and Jesuits who led the Seminaries and large churches in each city. Then they slowly began to increase the level of involvement to include some denominations who were similar enough to cooperate without too many questions and some denominations began to change in similar directions or were doing community outreach in similar venues which brought them to **working together**. Then they created **contemporary Christian music** to bring the younger generations together, since the youth didn't even understand why there would be any need to separate from someone who claims to be a Christian or why there would be a need for doctrinal contending for the faith. At the same time, top leaders of Evangelicals and conservative denominations began **partnering in Ecumenical Associations** supposedly with the purpose of putting aside differences and figuring out the true doctrine of the Scriptures so the church could be one again, but that was not their intention – **they wanted the divides among the people still**.

Step three requires **bowing to the Vatican authorities** (they prefer voluntarily, but this experiment has been done MANY times and usually requires use of force which restarts the cycle in some ways) and partnering with their **Jesuit networks** toward one-world religious power for the anti-christ system. When this whole experiment began in the 1500's, it was determined that pro-life and pro-truth had to be essential elements of ecumenical partnerships and of Jesuit leadership, since the Vatican/Holy Roman Empire has a well-established history of mass-murder and of suppressing the truth and hiding/destroying the Scriptures or refusing to translate into common languages so the common people could not learn it. Thus the uniting factors between Catholics and ecumenical leaders are **propaganda** that sounds Pro-Life and Pro-Biblical-Marriage and Pro-Bible and Pro-Missions and Pro-Gospel and Pro-Theology, etc. Now that we explain this, perhaps you will start to notice how many Catholics are lead these topics in media and church, such as these Catholics in the Pro-Life movement: Frank Pavone (Priests For Life and President of ecumenical Pro-Life Religious Council which includes Protestant "conservatives" like James Dobson and "evangelical" Lutherans, Presbyterians, Anglicans, etc), Abby Johnson (movie – Unplanned), Norma McCorvey (Roe in Roe v. Wade case who later became a Catholic pro-life leader), Right to Life (Catholic), March for Life (Largely Catholic-led), Hobby Lobby (Jesuit), Roma Downey/Mark Burnett (Catholic self-proclaimed mystic – meaning Jesuit) and many others.

Step four is a partnership between **all "denominations"** – by which they mean all of the world's false **religions** in context of world "peace" under the Vatican Roman program. That is the work of the Pontifical Council for Interreligious Dialogue, **Parliament of World Religions**, **Interfaith Chaplains**, **FEMA-trained clergy** (to use Quran, Talmud, etc in crisis to calm people), all Free-Masonry networks are interfaith and bow down at every altar, Jesuits act as the

directors of this networking internationally (for centuries have been merging Catholic doctrine with the nearest false religions in each country), Bill Gates funded Interfaith Hospitality Networks now called Family Promise (for future control of dissenters in new world society), etc.

- Name: and Faculty Position at Moody

.....

William Thrasher [@ Freemason-founded Auburn University and @ Free-mason/Jesuit-led Dallas Theological Seminary; Professor of Spiritual Formation at Moody Theological Seminary __ Thrasher is

mentor to Mark Jobe’s best pastor friend John Palmieri since when Jobe and Palmieri were in Culbertson Hall together __ Thrasher is endorsed by a long list of high Ecumenical and Jesuit influencers such as Jesuit G11 Gatekeeper Joseph Stowell, Nancy Leigh DeMoss (close friend of Moody leaders whose brother Mark DeMoss was 11-year Chief of Staff to Jesuit Jerry Falwell as well as 25-year Board of Directors for Interfaith Liberty University and then served as spokesperson for the Billy Graham library and Evangelistic Association), John Palmieri (Mark Jobe’s pastor/partner/friend), Vicki Anderson (assistant to John Piper who is leading everyone back to Rome and is on U.S. Council of Lausanne Movement), both Heather and Stephen Olford (Billy Graham’s personal confidant of whom Graham said “the man who most influenced my ministry”), Luis Bush (coined the 10/40 Window of evangelistic efforts, Fuller Theol School of World Missions partner with U. -- **Education: Mason-founded Auburn University, and two degrees from Free-mason and Jesuit-led Dallas Theological Seminary.**

-- **William Thrasher is Professor of Spiritual Formation and Discipleship for Moody Theological and on faculty since 1980.**

Most people would not recognize “**spiritual formation**” as meaning that he is a Jesuit, but if you look at the sources, it is closely related and often directly admits to promoting **Jesuit founder Ignatius Loyola** and his “**Spiritual Exercises**”. There are plenty of sources to find the history and structure of spiritual exercises.

Thenarrowingpath.com and regent.edu and the document A History of Spiritual Formation in Evangelical Theological Education all seem to do a skilled job of explaining the problems or else the history of it if you don’t know where to start looking. Interestingly, Jesuit training in the form of **Spiritual Formation is now required by both of Moody’s associations of accreditation – Association of Theological Schools (Rockefeller-founded) and Association for Biblical Higher Education.**

Thrasher is author of Putting God Back In The Holidays as if God was ever involved in state holidays who have their roots in pagan and idolatrous traditions combined by the Roman Catholic system, which **Thrasher** promotes through mystic experience and spiritual formation disciplines as a way of following God for those who do not know Him.

Thrasher made a similar attempt with his book God As He Wants You To Know Him.
