

MBI board of trustees). Mark Jobe is a long-time friend of Ed Stetzer (since around 2008 or before) who is Regional Director for North America for the Lausanne Committee. And Ed Stetzer is Billy Graham Distinguished Chair at Wheaton College in place of Billy Graham (who has passed away last year) who was the founder of the Lausanne Committee starting in 1966 in Berlin, then with the Lausanne Movement in Switzerland in 1974. Mark Jobe is a long-time friend of Alderman Edward Burke who is a Jesuit trained since high school and through DePaul University College of Law and a member of Knights of Columbus (Jesuit founded organization). Mark Jobe is comfortable standing side-by-side with more than a dozen of the highest level Jesuits and prominent Catholics in Chicago in their pretend leadership of record-breaking pro-life movement in Chicago (March for Life 2015). And Mark Jobe both used and promoted the 2019 interreligious (literally pro-Islamic, pro-Buddhist, pro-Catholic) curriculum Explore God Chicago to fellow pastors and 800 Chicago churches. Mark Jobe is a prominent spokesperson for observing forty days of fasting (Lent) in Chicago churches leading up to Easter since at least 1994.

Mark Jobe was raised in Spain and Costa Rica as a missionary son. Spain claims to have two-thirds Catholic adherents and Costa Rica still has Catholicism as the official state religion. Mark Jobe is happy to be called “Father Mark” and for people to thank him for “Mass”. And he is trying to force Moody Bible Institute to get used to being considered almost identical to a joint monastery/convent except that students are allowed to get married their senior year (said in his Founder’s Week 2016 speech introduction). All of this inescapably shows him to be acting as a Jesuit. So the board of trustees has replaced Jesuit Greg Thornton with Jesuit Mark Jobe who has his doctorate in Transformational Leadership for the Global City with the intent of moving Chicago’s Christian community toward New World Order under the Pope. This was a very serious and damaging decision by the Board of Trustees. This is the Board of Trustees who chose Jesuit Greg Thornton to cover up the destruction done by his predecessors. Now this appointment shows that they know and understand the agenda of the Jesuits and they choose to appoint this type of leadership knowing that this is entirely against the work of Evangelist Dwight Moody who considered the Word of God as the authority for Christian life. Erwin Lutzer, Greg Thornton, Ed Stetzer, and Mark Jobe consider the Pope to be the final authority/power in the Christian life and to accomplish the kingdom of “god”, but they know that they serve the devil by assisting the Pope in gaining authority over the world evangelism/missions community of one of the last strong and bold hold-outs to Roman Catholic dominance – the Moody Bible Institute. This is not the kind of leadership that Moody Bible Institute needs to recover from the Jesuit attack being made. And this puts the rest of Chicago and the missions network of Moody Bible under dangerous leadership for trying to serve the One True God in very difficult places around the world, where the people are also being forced under Catholic and Free-mason run governments. We hope that those who love Moody Bible Institute and would hate to see it crumble under Vatican schemes and fall under Jesuit/Vatican control will hear our request for help in this struggle of information and truth versus deception and power-plays by Jesuits/Freemasons. Please take the time to read and consider carefully all of the research and statements and collaboration that is behind this move by the Board of Trustees. We hope you can find the patience to endure the painful reality that our research shows an evil intent behind much of the leadership of Moody Bible Institute and historic Church at this moment in history.

At this point we would just like to provide links and allow you to do your own looking at the evidence for yourself. If you want our thorough research in the extended report on Mark Jobe, click the following link.

<https://www.bgu.edu/2019/04/30/financial-update-april-2019/>

This Lausanne group was founded to control all Protestant evangelism world-wide to fit Roman Catholic criteria. It was started in Berlin, Germany in 1966 in conjunction with Vatican II council completion and implementation the same year (completed Dec. 08, 1965) whose purpose was stated to be the “restoration of unity among all Christians” – in order to begin to merge all activities of “Christians” world-wide under the same guidelines and (secretly) under the Vatican Jesuit mafia directorship. Because of that, Lausanne’s own documents admit that together they were able to control or influence all evangelism activities world-wide in the last quarter of the 20th century and afterward.

Explore God (XG) Chicago 2019 questions and/or blames God on every topic it touches. However, it also promotes Islam, demands “unity” under Catholic Vatican, diminishes the Word of God and welcomes scoffers “skeptics” into these 800 churches in Chicago. So why is this a “church” program? Because they need an interfaith network in Chicago that is accepted by evangelicals. Look at their resources for “pastors”. Look at their seven week series on how to question God in an acceptable way. Look at their 40 day skeptics challenge (Lent for scoffers). Give attention to the program’s organizations, “pastors”, and

corporate leaders that they admit are new world order “change agents”. Christians need to preach the truth and pray for Chicago believers who do not bow at every altar as Freemasons and Jesuits do. Speak up about these change agents (who will pretend to be innocent) so they can't lie. If you ask them directly, they have promised to tell lies or play ignorance of that purpose to protect the big plan.

Ed Stetzer published **11 Innovations in the Local Church: How Today's Leaders Can Learn, Discern and Move into the Future Paperback** – June 5, 2007 with Warren Bird (Research Director at **The Leadership Network** and also for the ECFA). The next year (2008), Stetzer interviewed Warren Bird on his dissertation for his doctorate at Jesuit Fordham University which education indicates that Warren is definitely a Jesuit like Erwin Lutzer who has his doctorate from Jesuit Loyola University.
